

Sample Compliance Report

Placeholder — final redacted report PDF to be supplied separately.

What this is

This is a placeholder for the real sample compliance report. Once the redacted Amero Steel report PDF is uploaded, this file is swapped in by replacing /app/backend/sample_report_files/GL_Sample_Compliance_Report.pdf — no code changes required.

The real report includes:

- On-site walkthrough findings with photo documentation
- CFR citations for every finding
- 2026 penalty exposure per finding
- Prioritized RED / AMBER / GREEN fix list
- 30-day, 60-day, and 90-day corrective action plan
