

30-Day Action Checklist

Your step-by-step implementation roadmap for the Supervisor Safety Starter System

How to Use This Checklist

Work through these tasks in order. Each item is tied to a specific document in your kit. Check each box when complete. Do not skip items — they build on each other. If you encounter a condition you cannot resolve, call GigLine before moving forward.

WEEK 1 — ASSESS

TASK	DETAILS	FORM
☐ Walk every area of your facility	Include storage rooms, maintenance areas, break rooms, and any outdoor storage. Bring SS-02.	SS-02
☐ List every chemical you find	Write the product name, manufacturer, and where you found it on SS-02. When in doubt, include it.	SS-02
☐ Locate or request every SDS	For each chemical on SS-02, find the SDS. If you don't have it, contact the supplier immediately.	SS-03
☐ Check SDS format	SDS must be in GHS format (16 sections). Old MSDS format is outdated. Request updated versions from suppliers.	SS-03
☐ Record SDS locations on SS-03	Note the binder tab number or digital file location for each SDS so any employee can find it in 60 seconds.	SS-03
☐ Identify label gaps	Check every container. Any damaged, missing, or illegible label must be replaced before Week 2.	—

WEEK 2 — FIX

TASK	DETAILS	FORM
☐ Replace damaged or missing labels	Every container must have a GHS-compliant label with chemical identity, hazard warnings, and manufacturer info.	—
☐ Follow up on missing SDS	Contact any supplier who has not yet provided an SDS. Document the request date and follow up within 7 days.	SS-03
☐ Complete SS-04 Written HazCom Program	Fill in all sections. Assign the responsible person. Sign and date. File where it can be produced within 5 minutes.	SS-04
☐ Identify who needs training	List every employee who works with or near hazardous chemicals. This is your training roster for Week 3.	SS-10

☐	Confirm SDS accessibility	Verify that SDS are accessible to employees during every shift. Never locked. Never on a computer employees can't access.	SS-03
--------------------------	----------------------------------	---	--------------

WEEK 3 — TRAIN

TASK	DETAILS	FORM
☐ Conduct HazCom training — Session 1	Cover: what chemicals are present, where SDS are located, how to read GHS labels, emergency procedures.	SS-10
☐ Document every attendee on SS-10	Get a signature from every employee who attended. Record the date, topics covered, and trainer name.	SS-10
☐ Conduct HazCom training — Session 2 (if needed)	If you have multiple shifts, run a second session. Every employee must be trained before Week 4.	SS-10
☐ Review SS-08 Red Flag List with supervisors	Every supervisor must know which conditions require an immediate call to GigLine before taking any other action.	SS-08
☐ Verify all training records are complete	Check SS-10. Every employee who works with chemicals must have a signed, dated entry.	SS-10

WEEK 4 — BUILD

TASK	DETAILS	FORM
☐ Post SS-06 at your supervisor station	One Phone Call Card. Laminate it. Post it where you will see it every day.	SS-06
☐ Post SS-07 near your front entrance	If OSHA Shows Up. Post it where the first person to greet a visitor will see it.	SS-07
☐ Post OSHA required poster	The OSHA 'Job Safety and Health — It's the Law' poster must be posted in a visible common area.	—
☐ Complete your first SS-09 Monthly Inspection	Walk the facility with SS-09. Check every item. File the completed checklist. Set a recurring monthly reminder.	SS-09
☐ Review your completed system	Confirm SS-02, SS-03, SS-04, and SS-10 are complete, signed, and filed. Confirm SS-06 and SS-07 are posted.	All
☐ Call GigLine if anything is unresolved	If you have open items, gaps, or conditions you are unsure about — call before closing out Week 4.	—

ONGOING — After Week 4

Monthly	Complete SS-09 Monthly Safety Inspection on the same day every month. Retain all completed checklists for 12 months minimum.	SS-09
----------------	--	--------------

As needed	Update SS-02 and SS-03 whenever a new chemical arrives or is removed from the facility.	SS-02, 03
As needed	Re-train any employee who changes roles or begins working with a new chemical. Document on SS-10.	SS-10
As needed	Call GigLine any time you encounter a condition on SS-08 or a situation you are unsure how to handle.	SS-08
Annually	Review and re-sign SS-04 Written HazCom Program. Update if any workplace conditions have changed.	SS-04
