

PROSPECT PREP | VERSION 2026

Documentation Readiness Review

Pre-Engagement Prep Checklist

What to pull together before your GigLine Documentation Readiness Review so we can score your files against the same standard OSHA uses — and give you a compliance % on day one.

What's Inside

- ✓ Written safety program binder
- ✓ OSHA 300 / 300A / 301 logs
- ✓ Training rosters + certifications
- ✓ SDS + chemical inventory
- ✓ Inspection records (12 mo.)
- ✓ Incident reports + investigations
- ✓ Contractor & vendor safety
- ✓ Emergency action plan

Gather → Deliver → Review → Score → Report

Documentation Review — Prep Checklist

Gather what you can before our review. If something on this list doesn't apply, leave it blank. The more we have in front of us, the faster the findings report comes back.

01 · CORE WRITTEN PROGRAMS

Core Written Programs

-  **Written safety / health program**
Master safety policy or company-wide program manual.
-  **Hazard Communication (HazCom) program**
Written program + SDS binder or electronic SDS access.
-  **Emergency Action Plan**
Evacuation routes, alarm system, accountability.
-  **Fire Prevention Plan**
Required if you have flammable storage, hot work, or 10+ employees.
-  **Lockout / Tagout (LOTO) procedures**
Written program + machine-specific procedures.
-  **Personal Protective Equipment (PPE) hazard assessment**
Written assessment + selection rationale per area.

02 · RECORDS & LOGS

Records & Logs

-  **OSHA 300 / 300A injury & illness logs (last 3 years)**
Annual summary signed by company executive.
-  **Inspection / walkthrough records (last 12 months)**
Internal audits, checklists, corrective action notes.
-  **Incident / injury investigation reports (last 3 years)**
Root cause findings, corrective actions, sign-offs.
-  **Equipment maintenance / inspection logs**
Forklift daily checklists, crane / hoist inspections.
-  **Any recent OSHA correspondence**
Citations, complaints, abatement documents — if any.

03 · TRAINING DOCUMENTATION

Training Documentation

-  **New-hire safety orientation records**
Sign-in sheets, content outline, evaluation forms.
-  **Toolbox talks / annual training records (last 2–3 years)**
Sign-in sheets, dates, topics covered.
-  **Forklift operator training & certifications**
Initial training, refresher dates, observed evaluations.
-  **Specialized training records (LOTO, confined space, hot work)**
By job role and exposure type.

04 · SPECIALTY PROGRAMS (IF APPLICABLE)

Specialty Programs (if applicable)

-  **Bloodborne Pathogens program**
First-aid responders, designated incumbents.
-  **Hearing Conservation program**
Required where 8-hour noise exposure $\geq$ 85 dB.
-  **Respiratory Protection program**
Required for any respirator use, including N95s in some cases.
-  **Confined Space program**
Written program + permits for permit-required spaces.
-  **Permit forms — hot work, confined space, LOTO**
Active permits + recent completed permits.

Not sure about an item? Note it in your intake and Vince will follow up. Missing documents aren't a failure — that's the point of the review.
