Quarterly Internal Audit Checklist

Auditor: Vince Lawrence **Quarter:** [Q# YYYY] **Audit date:** [YYYY-MM-DD]

Cadence

- Frequency: Once per calendar quarter.
- Sample size: Three (3) client files, selected at random from the active Ongoing Safety Support client list.
- Time budget: 60 to 90 minutes per file.
- Corrective action: Every gap discovered is closed within 10 business days of the audit.

File selection

Client files audited this quarter:

1. GL-[CLIENT-CODE-1]
2. GL-[CLIENT-CODE-2]
3. GL-[CLIENT-CODE-3]

Method of selection (random number, alphabetical rotation, longest since last audit, etc.): [Describe]

Audit questions

For each file, answer each question with **Y**, **N**, or **N/A**. Any **N** requires a corrective action row at the bottom of this document.

File 1, GL-[CLIENT-CODE-1]

- ☐ Is there a signed Client Services Agreement on file?
- ☐ Is the Compliance Readiness Visit report on file, dated before the first service month?
- ☐ Is the current corrective-action tracker updated within the last service month?
- ☐ Do the last three monthly management summaries exist and follow Template 04?
- ☐ Are photo files in the private folder named per SOP Section 5.1?
- ☐ Is the capacity ledger current through the last service month?
- ☐ Are any findings past their target date flagged and explained in the most recent management summary?

- [] Are recommendations from the last annual review (if any) reflected in subsequent monthly focus rotations?
- [] Are all deferred findings supported by written client authorization and a rationale in the tracker Notes field?
- [] Has any change order been executed since last audit, and if so, is the signed form on file?

File 2, GL-[CLIENT-CODE-2]

Repeat the same 10 questions.

File 3, GL-[CLIENT-CODE-3]

Repeat the same 10 questions.

Gaps found this audit

FILE	QUESTION	GAP DESCRIPTION	CORRECTIVE ACTION	DUE DATE
